

***Disclaimer**

Please note: the Federal No Child Left Behind (NCLB) Act of 2001 requires that all teachers teaching in core academic subject areas be highly qualified (HQ) by the end of the 2005-06 school year. Teachers must be fully licensed in the state with no licensure requirements waived and must have demonstrated competency in the applicable subject area.

Teachers' names marked by an asterisk are exempt from NCLB standards. Teachers' names in bold print have met HQ standards by one of the approved state options and teach in the appropriate HQ subject area.

This list will be updated on an as needed basis.
